FairView Counseling and The Play Therapy Center Office Policies and Consent for Treatment

WELCOME!

Thank you for choosing FairView Counseling and The Play Therapy Center. As a non-profit counseling agency, our mission is to foster the health and welfare of children by providing quality, mental health treatment. This document is designed to ensure that you understand our professional relationship.

CANCELLATION & ATTENDANCE

Our office is open Monday through Thursday 8:30am – 7:30pm, appointment times vary by clinician. Appointments are approximately 50-55 minutes. Therapy appointments, particularly evening appointments, are in high demand. Your cancelled appointment may be a valuable scheduling opportunity for another client. In the event that you cannot make your scheduled appointment, please contact our office at least 24 hours in advance.

You may leave a voicemail 24 hours a day, 7 days a week.
There is a fee for NO SHOW or SAME DAY CANCELLATIONS.
Inconsistent attendance may result in the termination of service.

Illness - We want to keep everyone healthy. If your child arrives for therapy and is visibly ill and potentially contagious, we reserve the right to refuse treatment in order to protect the wellness of other children and our staff. If your child is ill and stays home from school on the day of your scheduled appointment, please call us as soon as possible. Please **DO NOT BRING YOUR CHILD** if he/she is SICK. Exceptions to the late cancellation fee would be made in such situations. FVC requires our clients to follow the immunization guidelines recommended by the American Academy of Pediatrics. *Parents who choose to not vaccinate are advised to seek treatment for their children elsewhere.*

Weather - Our office is generally open and **DOES NOT** follow school district closings for inclement weather. You may refer to the WFMZ-TV STORMCENTER online at www.WFMZ.com or Channel 69 news for weather closing.

Emergencies - As a client in outpatient treatment, you are expected to manage your day-to-day functioning. In the case of a true emergency in which you fear you may harm yourself or someone else, call 911 or go to the emergency room.

CONFIDENTIALITY & RECORD KEEPING

Confidentiality pertains to the treatment of information that an individual has disclosed in a relationship of trust and with the expectation that it will not be divulged to others without permission. FairView Counseling protects the confidentiality of client information in accordance with legal and ethical requirements of Pennsylvania Code and Federal Law.

On occasion, your therapist may seek the professional consultation of another therapist within the agency to better enhance your treatment. However, any communication outside of FairView Counseling and The Play Therapy Center requires your written consent. Exceptions to confidentiality include child abuse, adult and domestic abuse and serious threat to health/ safety and are reviewed in detail in our Notice of Privacy Practices (HIPAA).

FairView Counseling maintains client records as required by law. Clients may request to review, inspect and/or obtain a copy of their records.

COMMUNICATION POLICY

If you need to speak with your therapist or change an appointment always do so by calling the front office. Emails and faxes are not private and this type of communication can be intercepted. It is your informed decision to email or fax documents to this office.

COURT POLICY

FVC therapists do not provide custody evaluation services. Often parents in high conflict separations/divorces want their child therapist to make recommendations regarding custody. American Psychological Association (APA) guidelines make a clear distinction between forensic evaluations and the services that therapists provide to families, children and parents in the course of psychotherapy. In order for children to feel that their concerns can be safely discussed, they must know that the content of their therapy sessions will remain confidential and that their therapist will remain neutral and uninvolved in any parental custody determinations. *If you are looking for expert witness testimony regarding custody recommendations for your child, we can refer you to a forensic evaluator.*

If a therapist is asked by a parent or subpoenaed by an attorney to provide clinical input based on treatment intended for custody recommendations - doing so would be both a conflict of interest, beyond our bounds of competence, and would violate several provisions of Professional Ethical Principles and Code of Conduct. Such actions may result in termination of the therapeutic contact.

PSYCHOTHERAPY SERVICES

Our intake session allows your therapist to get to know you and assess your needs for treatment. After the intake session(s), your therapist will be able to offer you a clinical impression, what therapy will include, and a general treatment plan. If you have questions about your therapist’s procedures, you should discuss them whenever they arise.

Psychotherapy can have benefits and risks. Since therapy often involves discussing unpleasant aspects of your life, psychotherapy may elicit uncomfortable thoughts and feelings. Psychotherapy also leads to better relationships, solutions to specific problems, and significant reductions in feelings of distress. There are no guarantees of what you will experience.

There are many treatment methods that your therapist may use to deal with the concerns that you hope to address. Psychotherapy calls for an active effort on your part. For therapy to be successful, you will have to work on things we talk about both during our sessions and at home.

When clinically appropriate, touch may be used in combination with other therapeutic interventions during Play Therapy. Physical contact often occurs naturally during a child’s play but may also be used for modeling relaxation and coping skills and/or to help maintain your child’s safety. You are encouraged to discuss this with your child’s therapist if you have concerns.

CONSENT FOR TREATMENT

For children under 14, FVC requires a signed ‘Consent for Treatment’ from BOTH PARENTS REGARDLESS of marital status. You must bring two signed consent forms with you on the day of intake or you will not be seen for your scheduled appointment.

Signing below indicates that you have reviewed and understand the information described above and agree to abide by the contents and terms of this agreement.

FairView Counseling and The Play Therapy Center **Informed Consent for Telemental Health Services**

This consent is specific to **Telemental Health Services** provided during the COVID-19 Public Health Emergency. It covers the following scenarios:

- Intake sessions conducted over Microsoft Teams
- Sessions provided when a client would have to quarantine due to COVID-19 exposure
- Regulation changes preventing FairView Counseling from providing in-person sessions (ie shelter in place)

**If FVC is unable to provide in-person services, we will transition to telemental health services using Microsoft Teams. You would be notified of the change by the email that you have provided and would continue to receive a Microsoft Teams invite for your scheduled appointment time as usual.*

Overview

- You will need access to the certain technological services and tools to engage in telemental health-based services with your provider.
- Telemental health has both benefits and risks, which you and your provider will be monitoring as you proceed with your work.
- It is possible that receiving services by telemental health will turn out to be inappropriate for you, and that you and your provider may have to cease work by telemental health.
- You can stop work by telemental health at any time without prejudice.
- You will need to participate in creating an appropriate space for your telemental health sessions.
- You will need to participate in making a plan for managing technology failures, mental health crises, and medical emergencies.
- Your provider follows security best practices and legal standards in order to protect your health care information, but you will also need to participate in maintaining your own security and privacy.

What is Telemental Health?

Telemental health is the provision of mental health services with the provider and recipient of services being in separate locations, and the services being delivered over electronic media. Services delivered via telemental health can rely on a number of HIPAA compliant electronic, often Internet-based, technology tools. Your FVC provider provides telemental health services using the following: telephone and/or Microsoft Teams.

Benefits and Risks of Telemental Health

Receiving services via telemental health allows you to receive services at times or in places where the service may not otherwise be available, or when you are unable to travel to the service provider's office.

Receiving services via telemental health can come with some risks such as services can be impacted by technical failures, may introduce risks to your privacy, and may reduce your service provider's ability to directly intervene in crises or emergencies.

There may be additional benefits and risks to telemental health services that arise from the lack of in-person contact or presence, the distance between you and your provider at the time of service, and the technological tools used to deliver services. Your provider will assess these potential benefits and risks, sometimes in collaboration with you, as your relationship progresses.

Date: _____

Client number: _____

Assessing Telemental Health’s Fit for You

It is well validated by research, service delivery via telemental health is not a good fit for every person. Your provider will continuously assess if working via telemental health is appropriate for your situation. You also have a right to stop receiving services by telemental health at any time without prejudice.

Your Telemental Health Environment

You will be responsible for creating a safe and confidential space during sessions. You should use a space that is free of other people. For child clients, “other people” means anyone not already involved in treatment. It should also be difficult for people outside the space to see or hear your interactions with your provider during the session.

Our Communication/ Safety and Emergency Plan

We will develop a plan for backup communications in case of technology failures and a plan for responding to emergencies and mental health crises.

- The best way to contact your provider between sessions is to call the office at 610-396-9091.
- Please note that your provider is not available on weekends or holidays.
- Our work is done during our appointed sessions, Monday -Thursday.

As a recipient of telemental health-based services, you will need to participate in ensuring your safety during mental health crises, medical emergencies, and sessions that you have with your provider. During mental health crises and emergencies, call 911, or go to the emergency room.

Your Security and Privacy

Your provider employs software and hardware tools that adhere to security best practices and applicable legal standards for the purposes of protecting your privacy and ensuring that records of your health care services are not lost or damaged.

As with all things in telemental health, however, you also have a role to play in maintaining your security. Please use reasonable security protocols to protect the privacy of your own health care information. For example: when communicating with your provider, use devices and service accounts that are protected by unique passwords that only you know. Also, use the secure tools that your provider has supplied for communications.

Payment

You are responsible for any copayments, coinsurances, portions applied to deductible or uncovered amounts under your insurance coverage that apply to your telehealth sessions.

Recordings

Do not record video or audio sessions without your provider’s consent.

- You are responsible to know the coverage for services and levels of payment by your insurance company. You are responsible for any amounts not covered by your plan.
 - If Fairview Counseling is an in-network provider with your insurance plan, we will bill your insurance company for reimbursement. If our charges apply to your deductible or are not covered by your plan, you will be responsible for the unpaid amounts.
 - If Fairview Counseling is not an in-network provider with your insurance plan, you will be charged the full fee for our services, and a receipt will be provided for you to submit to your insurance company for reimbursement.
 - **Supplementary Correspondence** such as completing forms, writing letters, copying therapy records, etc. requires therapist time away from patient care. We may require payment at a rate of \$25.00 per 15-minute unit of time depending on the length and complexity of your request. *These fees are your direct responsibility and will not be billed to your insurance company.
- *FVC reserves the right to change fees without notice.

I give FairView Counseling and The Play Therapy Center permission to release any information that is necessary to support any insurance claims on my account and secure timely payments due to the assignee or myself. I hereby assign medical benefits, including those from government sponsored programs and other health plans, to be paid to FairView Counseling. I have read, understand, and agree to abide by this financial contract.
